

## STREAMLINE ELECTRICAL INSPECTIONS

With the included remote control, a single technician can complete a 360° visual inspection while the PRO-CHECK 725 performs a complete automated the circuitry test.

## MINIMIZED TRAINING

The PRO-CHECK's use is straightforward and intuitive, providing shops with minimal downtime caused from training.

## ACCURATE BATTERY READINGS

The LITE-CHECK, PRO-CHECK 725 makes troubleshooting brake-battery issues easy.

## INCREASED ACCURACY

The LITE-CHECK, PRO-CHECK 725 provides technicians fault information via audible alarm and an easily read digital screen so technicians can more easily identify the location and fix for electrical faults.

The PRO-CHECK 725 is a complete utility trailer electrical diagnostic tester with a standard 12VDC 7-way flat-pin connector. The tester's proprietary software automatically presents technicians with circuit voltage, amperage, and condition on an easy to read digital screen. Circuit faults (open, short, open ground, chassis ground) are identified and displayed and a unique fault alarm is sounded to alert technicians. The software protects vehicle wiring with automatic shutdown when presented with excessive amperage and low voltage settings.

The PRO-CHECK 725 has the unique features of reading the brake battery voltage and the electric brake circuit amperage for easy troubleshooting. The digital display offers accurate circuit conditions every time.

Included is a full function remote control which has the same functionality as working directly from the tester. This remote control provides the user with the ability to easily use the PRO-CHECK 725 from anywhere around the trailer being inspected and perform a complete 360° visual inspections.

## PRO-CHECK 725 PACKAGES

ITEM NO.	DESCRIPTION
18048	<b>PRO-CHECK 725DC TESTER</b> Simply connect the PRO-CHECK 725 to a reliable 12VDC power supply and you'll be ready to the lights and electrical system of any utility trailer. <i>Includes: (1) PRO-CHECK 725DC, (1) Full-Function Remote Control, (1) Orange Remote Control Pouch, Black/Red Battery Clamps</i>

### USABLE WITH ALL UTILITY TRAILERS

### FULL-FUNCTION REMOTE CONTROL
